

## SPECIAL MEETING OF THE CITY COUNCIL:

Austin, Texas, October 21, 1925.

The Council was called to order by the Mayor. Roll call showed the following members present: Mayor Yett, Councilmen Avery, Haynes, and Nolen, 4; absent, Councilman Searight.

A committee composed of A. C. Bull, Geo. T. Wicker, T. L. Ziller, O. G. Hofheinz, and W. Gillespie Stacy, appeared before the Council and presented the following recommendations, together with tabulated statement of insurance attached:

"Austin, Texas, October 21, 1925.

To the Honorable Mayor and City Council of Austin,  
Austin, Texas.

Gentlemen:

We, your committee composed of T. L. Ziller, G. T. Wicker, W. G. Stacy, O. G. Hofheinz and A. C. Bull, appointed by your honorable Mayor for the purpose of making recommendations regarding the City's insurance problems herewith submit the following report:

1. We have made a personal inspection of all property owned by the City of Austin and have itemized the replacement value of all buildings and contents, and believe that these values represent a fair estimate. A detail report is attached hereto for your inspection.

2. According to our estimate, the total replacement value of all buildings, contents and insurable equipment amounts to \$1,150,950.00. On this valuation, the city is now carrying \$72,900.00 Fire and \$70,500.00 Tornado Insurance. This represents a ratio of 15.8% insurance to value on fire insurance and 16.3% on Tornado insurance.

3. We recommend that adequate insurance as outlined in the foregoing table be carried under a blanket form approved by the State Fire Insurance Commission. We further recommend that immediate steps be taken by the City Council toward the purchase of this insurance, as a large percent of the City property is without any protection whatsoever. This committee will be glad to draw up a blanket schedule covering the items listed above. In case such a blanket form is desired, we suggest that all existing fire and tornado policies be cancelled pro rata with the permission of the State Fire Insurance Commission and be included in the blanket form.

4. We have also made a survey regarding casualty insurance of the various departments, and herewith submit the attached report and our recommendations on same. You will note that neither the fire or police or sanitary departments are carrying Workmens Compensation Insurance. The State Workmens Compensation Law now makes it practically mandatory that all employers carry this form of protection and we would urge that the City immediately comply with this requirement. We also note that while the Street and Water and Light Departments carry Automobile Public Liability and Property Damage Insurance, neither the Sanitary nor the Fire Department are covered in this respect, and we would urge that both of these departments carry this coverage, especially in view of the fact that the Fire Department automobiles constitute the most hazardous risk of any of the automobiles operated by the City.

5. We also recommend that Safe Burglary policies be carried on the safes of the Water and Light Department and the Tax Collectors Office.

6. We further recommend that workmens Compensation policy be carried on the City Hospital.

7. In our opinion a Fire Proof Vault should be provided both for the Water and Light office and the City Clerk's office in order that valuable records may be preserved.

8. After you have instructed this committee definitely as to forms and amounts that you desire written, we shall be glad to assist you in apportioning this business among the local agents of this City, if it is your desire.

9. We respectfully request that this be a matter of record in the city files.

Respectfully submitted,

Committee,

A. C. Bull  
Geo. T. Wicker  
T. L. Ziller  
O. G. Hofheinz  
W. Gillespie Stacy. "

Councilman Avery moved that the thanks of the City Council be extended to the Committee for the valuable service rendered. Motion prevailed by the following vote: Ayes, Mayor Yett, Councilmen Avery, Haynes, and Nolen, 4; naves, none, Councilman Searight absent.

The monthly report of J. N. Littlepage was read and ordered filed.

The Council then recessed.
